Report of Principal and School Improvement Council

Hunter-Kinard-Tyler High School continues to forge ahead in the pursuit of academic excellence, by promoting excellence in all realms of the educational environment. This includes academics, athletics, civic organizations, and clubs available within the school setting. We are exceptionally proud of our students, faculty, and staff. We are also pleased to notify the community of the outstanding things we have happening here at HKT School. Academically, HKT met satisfactory implementation of all Palmetto Priority School Goals for the 2011-2012 school year. In addition, HKT High School's first time HSAP passage rate was 75.6%. Literacy remains as a focus for our school, and HKT was awarded a \$30,000 LCAT grant which provided literacy training for teachers, books for book clubs, and e-readers for students. The middle school showed an average 15% gain of 8th grade PASS scores and an average 3.4% gain on 7th grade PASS scores. Two teachers were added to the middle school staff in an effort to decrease class size. Finally HKT Middle School was selected as one of the three pilot "Middle Schools to Watch" sites in South Carolina.

At HKT we realize that in order to increase academic achievement, there must be a safe and orderly environment for students to be successful. Positive Behavior interventions and Supports (PBIS) was highly successful and contributed to a significant reduction in student discipline referrals. We will continue to demonstrate a committed effort toward communicating our school's vision and values, improving student achievement, and exhibiting pride in accomplishing our goals. The 2012-2013 school year promises to be one of continued growth.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
